We dress according to our own preferences or possibilities every day. At the time, people's clothing was also influenced by e.g. the division of manners that dictated the framework for dressing.

The Päälle pantavaa exhibition mainly presents the clothes of Uusikaupunki bourgeoisie from the 19th century. The exhibition consists of women's, men's, and children's clothes as well as a wide variety of accessories such as shoes, hats and umbrellas. A large part of the clothes that ended up into museum collections are more festive than every day. In addition, there are various uniforms on display, such as

soldiers' and policemen's clothes. The exhibition also has a lot of photographs of the fashion of the people of Uusikaupunki at the turn of the 19th and 20th centuries.

## UkiAR – augmented reality application

Learn about the town and its history with a virtual guide  
Experience the history of Uusikaupunki in an entirely new way!

The augmented reality application UkiAR provides an interesting pastime that you can engage with whenever it suits you best – by yourself or with friends and family. The application includes 14 unique story points scattered around the Kaupunginlahti bayside and the town centre.

In the application, you are guided by a 19th century maid called Rauha who will join you at the story points marked on the map. She has somehow got stuck in time and can tell you about the history of our seafaring town from a period of about 150 years. She will also show you some old photographs from the collections of the Uusikaupunki Museum.

The content of the application has been created in cooperation with local businesses, tour guides, the Uusikaupunki Museum, and Uusikaupunki Culture and Tourism. It is part of a project managed by Ukipolis Oy and funded by Leader Ravakka and various local companies.

You can download the application from Google Play or AppStore.

## Go outside and explore Uusikaupunki - Find the hidden statues!

Hidden Play is a series of small bronze sculptures hidden in the terrain that can be searched for using a digital or printed map. Each route comes with a mobile game that helps you look at the environment from different angles and learn new things. The search is free of charge for the participants. Hidden Play is a combination of community art and treasure hunting games (eg geocaching). Young people have made statues at workshops, brainstormed, and planned a route.

The route is suitable for everyone: residents, school classes, seniors, work groups, travelers, etc. The route runs on both sides of the bay and is about 4-5 km long.

You can search for hidden play sculptures at: <https://piiloleikki.fi/>
